Please comment in detail: On an aspects of the performance of the teaching assistant which you feel are particularly praiseworthy or good

Very flexible TA, excellent

Toulik is very receptive to questions and conducts both lab and discussions in an instructive/engaging manner so that students never feel lost. I wouldn't have done well on the exams without him. Also, he's a really chill, nice person!

He helped us extra and went out of his way to explain labs and also explain the answers to the discussion worksheet because the answer keys didn't really show why the answers were correct or not.

he is warmhearted to answer our questions.

He helped me with all the difficulties in the lab. He explained the important points of the content through discussion to help me better understand the material from the lecture.

Toulik did a great job during discussion sessions in particular, where we worked through problems in class together and he provided us with detailed information about each question. This was incredibly helpful in understanding the concepts more, and sometimes even gave us a little bit of a headstart for lectures.
